

Cleeng Cookie Policy

What is a cookie?

A cookie is a small piece of text sent to your browser by a website you visit. It helps the website to remember information about your visit like your preferred language and other settings.

In order to provide a better service to you and improve our website service, we use cookies. For example, we may use cookies to help direct you to the appropriate part of our website, by indicating that you are a repeat visitor.

We may also use this information to present you with the services that are matched to your preferences (like preferred currency, language or watched content) and track the effectiveness of our marketing efforts.

To summarise, cookies play an important role. Without them, using the web would be a much more frustrating experience and our services wouldn't be able to operate properly.

Please note that your consents applies to all of the following domains:

- cleeng.com
- publisher.support.cleeng.com
- developers.cleeng.com
- support.cleeng.com
- [any-subdomain].cleeng.com

Listed below are the cookies that are used on our website to enable a better user experience.

Essential Cookies

Essential cookies help us to make sure that our website is more user friendly by enabling basic functions like page navigation, user language preferences, user recognition and access to the secure areas of our website. The website cannot function properly without these cookies.
